

ArgosWeb

Your Easy Tool To Argos Data

Christian Ortega

Zoology & Satellite Seminar
IPEE ASR, Moscou
25-26 February 2009

A single web to:

- View all positions on map (10 days)
- View your messages & observations
- Download data
- Export on Google Earth
- Manage your settings
- Put on copy other users
- Satellite pass prediction
- ...

► <http://www.argos-system.org>

Position Mapping

Position Mapping

Mapping on Google Earth

- **Data Table : up to 10 days
(csv, excel, googleEarth)**
- **Most Recent Data: latest data in 1 year**
- **Data Downloads: up to 10 days
(csv, excel, googleEarth)**
- **COM/PRV/DIAG: text files compatible
with many manufacturers software**
